## EDUCATION

### BS in Artificial Intelligence

Technische Hochschule Deggendorf (THD), Deggendorf, Germany

Expected Graduation - 2026

## WORK/EXPERIENCES

### Student Research Assistant | THD | Deggendorf

Apr 2024 – Present

- Participated in AI and ML research projects.
- Collected and processed data from edge devices and experimented various Data Transformation and Feature Extraction methods.
- Engineered scalable MLOps pipeline for large scale Relational Data.
- Developed Computer vision models for edge devices (eg. Fischertechnik Sorting Line)
- Documented and made Data Analysis and Model Performance Reports.

### Student Teaching Assistant | THD | Deggendorf

Oct 2024 - Present

- Coded in LaTeX to create templates, documents, presentations, and other teaching materials.
- Converted the existing documents to a LaTeX format.

## TECHNICAL SKILLS

- Python, OpenCV, Scikit-learn, TensorFlow, getML, Dask
- JavaScript, Express, React, Three.js
- CI/CD, GitHub, Gitlab, Docker, Azure DevOps
- C/C++, Micro-Python with Arduino, Esp32, Raspberry Pi
- HTML, CSS, Jupyter Notebook, Google Collab, Kaggle
- SQL, Postgresql, FastAPI
- R and R studio
- Linux (Ubuntu), PowerShell, Bash
- Microsoft Office Suite and 365, Photo editing: Photoshop, Video editing: Wondershare Filmora

## LANGUAGES

- English: Full Professional Proficiency
- Nepali: Native speaker
- German: Limited Working Proficiency

## PROJECTS

- **Quality-assurance-with-AI-fischertechnik** | Tensorflow, TFlite, OpenCV
  - Computer vision program for edge device (Fischertechnik Sorting Line)
- **Stroke Predictor** | Rasa, Streamlit, Html, CSS
  - ML web app to predict user's chance of having a stroke
- **Chatbot for University Canteen** | Python, Express, Socket.io
  - Chatbot for University Canteen using Node, Express, Socket-io and Python
- **Spam Filter** | Bs4, Scikit-learn, Nltk
  - Naïve Bayes Classifier, a machine learning based classification method to filter Spam emails.
- **Housing Price Predictor** | Scikit-learn, Matplotlib
  - Created Linear Regression Model to predict Housing Price.

## COMMUNITY INVOLVEMENT

Gesellschaft für Informatik, Member

University Clubs: Chess, Swimming

Jan 2024 – Present

Oct 2023 - Present
